BUCKNER GOODMAN.

Sheriff J. R. Robertson has given a bond for the faithful performance of his duty as collector of the state and county taxes for another year with the following gentlemen as his bondsmen: Messrs. J. H. Clark, W. P. Robertson, Charles D. Pearce, Charles B. Pearce, J. P. Collopy, D. Hechinger, T. B. Robertson, S. P. Perrie, William Luttrell and C. C. Arthur, all good men and true and worth a pile of money. This bond would pass muster anywhere.

Yesterday morning about 8 o'clock three daring and venturesome men started opposite Cooper's warehouse and crossed the river on the ice to the amazement and consternation of on-lookers on either side of the Ohio. While it may be termed foolhardy in risking one's life in a manner as these men did, yet just such dare-devil spirits blazed the way for civilization and in later years made this country the world power she is today. Timidity is at a discount and a decided back number in these twentieth century times.

OLD COUNTRY HAM!

Send us an order for one for your Christmas dinner. Cured with hickory and as sweet as a nut. REMEMBER, our Currants, Raisins, &c., are all new goods and full weight packages.

The Sunday-school children will meet at the M. E. Church to practice the Christmas cantata tomorrow afternoon at 1:30 o'clock promptly.

Those who were at the Opera-house last evening enjoyed many a hearty laugh at the puzzling situations presented in "A Friend of the Family." The play was a good one, the company well balanced, and the performance altogether most pleasing.

Yesterday a change was made in the composition of the firm of the Ohio River Lumber Co., Mr. William T. Berry retiring, Messrs. G. H. Bishop and J. Barnside Newton having bought the former gentleman's interest in the concern. This is one of Maysville's thriving industries, employing quite a number of men.

Last evening about 7 o'clock a marauder entered the back yard of Mr. Thomas M. Luman of East Third street, and was about to strip the clothes line of the day's washing when he was frustrated by the appearance of Mrs. Luman. She called to her son Kelley who gave chase but the culprit escaped in the gloom of a nearby alley.

CARTMELL.

Dr. and Mrs. John W. Cartmell are preparing their Christmas tree at their home in West Third for their two sons. Billie Holton has a new playmate, which arrived this morning and has given new life to the affairs of the house. He weighs twelve pounds and is reported thriving nicely.

THE SICK AND INJURED.

The venerable Mrs. Clark, who broke her limb by falling off a chair at her home on the Fleming pike over six weeks ago, is still in a precarious condition.

The aged Mrs. Desmond, who fractured her right leg by falling at her home in Fourth street, is improving.

Miss Browning, who fell near the Baptist Church several weeks ago and broke an arm near the wrist, is getting along nicely.

The same may be said of Mrs. Brooks, who fell near the same spot a few days afterward, and broke her arm.

The aged Mr. Tolle, who sustained a broken limb by a fall a few days ago, is getting along as well as could be expected.

Mr. Thomas Luman, who fell in Sutton street a few days ago and sustained bodily injuries, is still confined to his home.

Mr. Charles Gault, our obliging Postoffice official, who has been sick at the home of his sister in the county for a few days, is able to appear on the streets.

Mrs. Minton is improving; also, Mrs. E. Swift.

In the suit of the C. and O. Railway Company vs. Board, from the Mason Circuit Court, a notice and motion by appellant to set aside judgment for damages was filed and affidavit of the Circuit Clerk in support of the motion. The funeral takes place at Carlisle today, with the honors of the Masonic Fraternity.

Deafness Cannot Be Cured
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give one Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong of Delia, Tex., prescribes it daily and says there is no better cough remedy made. Sold by J. Jas. Wood & Son, Druggists.

UNLESS all the witnesses are 18-karat liars, Dr. General Wood's actions in Cuba were about as bad as those charged against Major Rathbone.

WITH Mr. CLEVELAND hunting ducks in South Carolina and Mr. BRYAN hunting dukes in France, the Democrats are hunting for some one to run for President.

It is said that convict HENRY E. YOUTSEY, the man who in all probability was the actual murderer of Senator GOEBEL, wears a Goebel button as he goes about the Penitentiary.

"SAVOYARD" is as full of compliments as a Mason county hand-pump is of fleas. This one comes in his latest Washington letter to The Louisville Post—

"I believe it was the last session that JOE BLACKBURN declared himself a silent member of the Senate, and he has been wonderfully silent—for JOE—since he got into the great big pair of shoes BILL LINDSEY left in the Senate. The first time JOE broke silence was in reply to CHAUNCEY DEWEY, who made a speech on Kentucky affairs and discovered that he knew absolutely nothing in the world about it. JOE replied, and it was evident that he knew a great deal less about it than DEWEY, and that was simply impossible. DEWEY got his information from DEBOR. JOE's was humbug, and all I understand would not hold the machinery JOE uses for the manufacture of that sort of stuff."

I wish to thank my many friends for their kindness during my recent bereavement.

Mrs. JOSEPH H. BROWN.

Mr. Charles Cooper of Fernleaf and Miss Annie Tucker of Maysville were married in the County Clerk's office yesterday by Squire Grant.

Mr. Joseph T. Wood has resigned his position with the wholesale drug house of Kelley Co. of Pittsburgh and will return to this city tomorrow to accept a position with the drug house of J. J. Wood & Son of this city.

Sheriff J. R. Roberson entertained his bondsmen and a few of his intimate friends yesterday noon with a dining at his hospital home in East Second street. Miss Roberson and Miss McGee of Mayslick assisted the hostess in the amenities of the occasion.

The September term of the Court of Appeals will close today. The January, 1904, term begins on the first Monday in that month. The docket for the January term is an unusually small one. It contains 242 appearance and continued cases, 30 cases on the argument docket and 17 Commonwealth.

River News

The last big freeze up in the Ohio was in February, 1895, and did not last many days.

The Gospel boat Mogildo, which has been in the Ohio and Tennessee rivers for the past year, is aground on a bar near Shawanetown, Ill., and is ground of being ruined by the ice.

At present the Ohio river is very low and confined to its bed. It is "down in the mouth" and can't raise its head. For an ice river, it takes the cakes and ought to be up and going before many days.

The Kanawha and Elk rivers have reached the lowest stage in many years. Old residents say that not within their memory has the Kanawha been so low at this season of the year. All of the Kanawha river boats are tied up.

Pittsburgh pilots will recommend at the annual meeting of the American Association of Masters and Pilots in January that the lights shown from the sterns of vessels be changed from white to red. It is said that the red light answers the purpose better and is not so misleading.

The Howard Shipyard Company of Jeffersonville has been incorporated in Indianapolis by H. J. Howard, Clyde Howard and James Howard with a capital of \$100,000. The corporation will succeed the American Rivers Shipbuilding Company, which was incorporated in Arizona in November, 1902.

The steamer Courier is stuck in the ice just below Ironton, with head toward shore, and unless assistance can be secured she will be unable to reach a place of safety. Her position is deemed particularly dangerous, according to river men, and unless she is extricated the chances are her hull will be crushed when the gorge breaks.

The Government Printing Office spends for lithographing and engraving \$240,000 a year; and at least \$239,999.87½ of the amount is literally wasted.

THAT Chicago Doctor who sewed up a pair of tongs in a patient he had operated on will have to "come again." A Cincinnati Hospital Surgeon a day or so ago amputated both of a man's legs in thirty minutes by the watch, and seventy-five students set up a tremendous cheer because of the quick-time work. The man died, however, before the attendants could remove him from the operating table to a cot. There isn't a butcher in the Sixth Street Market who couldn't have done just as quick and just as good a job, and who wouldn't have equally deserved enthusiastic cheers for his performance.

Political Pickings

AFTER THE AUDITOR!

Evening Bulletin.

State Auditor Coulter has, it seems, been guilty of gross negligence in failing to notify the proper authorities that he has held for several months checks for the hire of the convicts which he knew to be worthless. He cannot escape by pleading that he has never accepted these checks. They were in his possession, and if he knew they were worthless it was plainly his duty to notify the proper authorities so they could take steps to protect the state. It looks very much like he wanted to favor the lessees of the convict labor instead of guarding the people's interests. Governor Beckham is to be commended for promptly directing the Attorney General to take such steps as the law warrants in the case.

Mrs. Fairbanks tells how neglect of warning symptoms will soon prostrate a woman. She thinks woman's safeguard is Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Ignorance and neglect are the cause of untold female suffering, not only with the laws of health but with the chance of a cure. I did not heed the warnings of headaches, organic pains, and general weariness, until I was well nigh prostrated. I knew I had to do something. Happily I did the right thing. I took Lydia E. Pinkham's Vegetable Compound faithfully, according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful, I have also advised a number of my sick friends to take Lydia E. Pinkham's Vegetable Compound, and they have never had reason to be sorry. Yours very truly, Mrs. MAY FAIRBANKS, 216 South 7th St., Minneapolis, Minn." (Mrs. Fairbanks is one of the most successful and highest salaried travelling saleswomen in the West.)

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

"DEAR MRS. PINKHAM:—For over two years I suffered more than tongue can express with kidney and bladder trouble. My physician pronounced my trouble catarrh of the bladder, caused by displacement of the womb. I had a frequent desire to urinate, and it was very painful, and lumps of blood would pass with the urine. Also had backache very often. "After writing to you, and receiving your reply to my letter, I followed your advice, and feel that you and Lydia E. Pinkham's Vegetable Compound have cured me. The medicine drew my womb into its proper place, and then I was well. I never feel any pain now, and can do my household work with ease."—Mrs. ALICE LAMON, Kincaid, Miss.

No other medicine for female ills in the world has received such widespread and unqualified endorsement.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

\$5000 FORFEIT If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

A WOMAN'S COMPLEXION.
It is rank foolishness to attempt to remove sallowness or greyness of the skin by the use of cosmetics, or "local" treatment, as advertised by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. Several size bottles, 50c; regular size, 75c. At all druggists.

I am the rage of the whole country! I am loved East and West and adored in the South. I am the only one in the country—old and young say "I am good; sweet enough to eat." You'll say so too. I am the purest and most wholesome candy on the market, and but one firm knows how to make me. I've been imitated time and again, but they all give it up, because they can't just make me as good, sweet and delicious—me, the only Satin Honey Comb Candy. I am making my home at TRAXEL'S.

SUPPORT HOME INDUSTRY!

MAYSVILLE, KY., Dec. 14, 1903.

Editor Public Ledger: I been in your city for some time, employed in the Green River Tobacco Factory. I have been in many of the business places where tobacco is sold, and in a large majority of these places there is a conspicuous absence of any of the goods manufactured by the above factory.

I have been in the business in different ways for more than 40 years; I have been employed in factories in many of the large cities of the country, but I will state that in the entire list not one of them could compare favorably with the Green River Tobacco Factory in perfect equipment. It has all the modern machinery for ordering and manufacturing, handled by experienced up-to-date men, who use nothing but the very best of stock and finest of flavors.

Why it is not handled and pushed to the front by all the dealers here I cannot understand. It is an independent concern, and its output is far superior to any goods manufactured by the Trust.

Their "Kentucky Colonel" brand is superior in quality and quantity to the "Granger," and their straw twist, "Rippling Brook," is the best goods of its kind on the market, while all their plug goods are of equal value, properly made and handsomely put up.

I don't think they offer any premiums to the men that use the most,—cast iron razors and pot-metal scissors,—but they do offer good stock and correct workmanship.

Every man who uses tobacco should call for it, and every man who sells tobacco should handle it and push it and thus enable the company to employ more labor, which means an increased pay roll, which would be distributed through the different branches of trade in the city. Thus, by helping others, they would help themselves.

This is a fine plant and capable of doing a much larger business, and it is the duty of the business men of the city to help add to its already large business by handling its goods and pushing them in preference to all others. Respectfully,
J. L. YOUNG.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Would You Have

ANYTHING AS DANGEROUS as a can of powder sitting on your cooking range? No, indeed, you would not. Well, a can of powder is not one half as dangerous as a water leak in your range, for they are liable to explode at any time without the slightest warning, but they are perfectly harmless when they are equipped with

Traxel's Patent Safety Appliance.

You had better place your order for one. They are more essential than the bread on your table, for they will save your property, and perhaps your life.
